

The health and safety of our Camp family is our number one priority and depends upon all individuals complying with the following guidelines. Please review this guide and reach out to Julane Havens, Camp Director with any questions: [CampSTC@ShakespeareTheatre.org](mailto:CampSTC@ShakespeareTheatre.org)

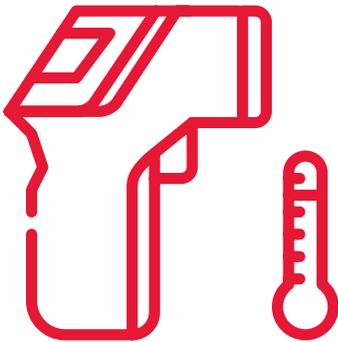

## 1. Daily Camper Evaluation

Guardians should screen campers daily for symptoms of COVID-19. Campers must stay home if: (1) They have any symptoms of COVID-19 (cough, difficulty breathing, fever, chills, muscle pain, sore throat, loss of taste or smell, diarrhea) or symptoms of cold/flu, (2) Within 14 days, they have been in close contact with an individual who has tested positive for COVID-19 and are not vaccinated, or (3) They are awaiting results of a COVID-19 test. If symptoms are not the result of COVID-19, campers may return to Camp after they have recovered from illness and been symptom-free without medicine for 24 hours.

## 2. Masks

Everyone entering any STC building is required to wear an appropriate face covering (two or more layers that completely cover the nose and mouth) at all times. Campers may only remove their masks while eating or drinking in designated spaces. Lunch breaks will take place outdoors, weather permitting.

## 3. Arrival & Dismissal

Guardians may help their campers at the front door, but they will not be permitted to enter the building. Campers will have their temperature checked (guardians please wait until your camper is cleared to enter) and follow their session's designated pathway to their Camp space. Anyone with a temperature of 100.4°F or greater will not be allowed to attend Camp that day. Please limit personal belongings to essentials only. Each camper will have a designated storage space. At the end of the day, campers will be escorted to the front door by Camp staff when their guardian has arrived, unless a camper has permission to leave on their own.

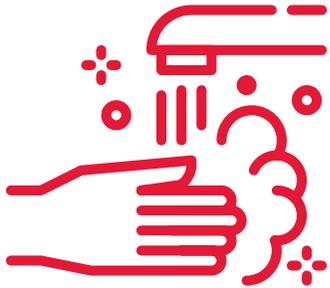

## 4. Lunches & Snacks

Due to space restrictions to limit contact with others, we are a nut-free Camp this summer. We are not able to provide refrigeration for lunches.

## 5. Social Distancing

Everyone must maintain six feet of distance from others when possible. Campers are allowed a three feet distance from other campers within their cohort during the dress rehearsal and filming of their performance. Campers should not have physical contact with one another and should take special care not to have close contact with a member of a different Camp session outside of their household.

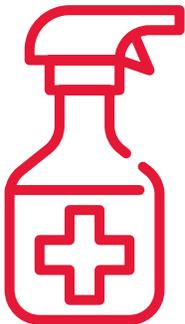

## 6. Handwashing

Campers are required to either wash or sanitize their hands immediately on arrival to Camp and immediately after returning from a break or after using the restroom. Everyone will be encouraged to sanitize their hands throughout the day.

## 7. High-touch Surfaces & Cleaning

Staff will clean all high-touch surfaces with an FDA approved disinfectant on an hourly basis. Camp spaces will be thoroughly cleaned every morning prior to Camp. All Camp spaces are ventilated with updated HVAC filters, and air flow and quality will be monitored.

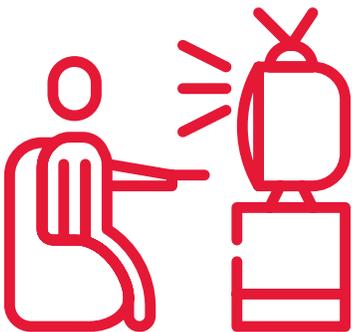

## 8. Symptom Onset & Exposure Protocol

Campers who become ill during Camp will wait in an isolation room with a staff member until their guardian arrives to pick them up or other appropriate arrangements are made by their guardian. If an individual tests positive for COVID-19 while attending Camp, their session will transition to a virtual session (STC will respect that individual's confidentiality). Guardians of campers in the other session in the same building will be notified of the potential exposure, but that session will continue in-person as our sessions will not share spaces.

## 9. Vaccination

STC strongly encourages its staff and campers who meet current age requirements to be vaccinated. We are tracking vaccination status and appreciate any information shared with us (vaccination is not considered a prerequisite for attending Camp). Fully vaccinated individuals must continue to be cautious while at Camp and follow all health and safety guidelines, including wearing masks and social distancing. *If you have been vaccinated, please notify Camp Director Julane Havens at [CampSTC@ShakespeareTheatre.org](mailto:CampSTC@ShakespeareTheatre.org)*

## 10. Final Performance

All Camp performances will be recorded and edited by a professional videographer on the last day of each session and emailed to families to enjoy safely at home.
